| 課程概述 | <p>This course is designed to help students achieve a sufficient score on the Test of English as a Foreign Language to enter a foreign university. The first step in this process is a general building of English skills to the level at which the test is written. This means listening, reading, speaking and writing will be addressed throughout the course. There will also be an emphasis on integrating the skills, as there is on the ITP Test. As students' skills progress through this semester and the next, more attention will be given to the test itself and strategies that will be necessary to pass it. Think of this class as not only practice for taking the test, but also practice for your university experience.</p> |
